## MONTE NEGRO DECLARES WAR ON TURKEY; INVOLVE BALKANS

*Ultimatum Delivered to Ottoman Empire  
Calls Attention to Centuries Abuse.*

*Representatives Leave Capitals*

PARIS, Oct. 8.—A conflagration in the Balkans is expected by officials here within 18 hours. Montenegro's declaration of war against Turkey is regarded merely as the beginning. Montenegro's move is considered in Paris to be part of a prearranged plan. It is asserted that Greece was first selected by the Balkan confederation to force the issue. This

could have been done by gestures similar to the above declaration.

*Patience Exhausted*

In declining to concur in the views of the two powers the Montenegrin government declared that its patience was exhausted. For more than two months it had been protesting in vain to Turkey and resort to arms was the logical sequence. Even if Montenegro stood alone, it was added, she was unable to act differently.

An explanation of the Balkan union is given by an official who understands the situation thoroughly. An alliance publicly speaking does not exist. Montenegro is not allied with Serbia. But Bulgaria after signing a trait, will serve concluded and treat with Montenegro and a third with Greece, but Bulgaria therefore stands as the link binding together the Balkan states and it is Bulgaria that plays the leading role.

It is not doubted that popular element will drive that country to war.

*Bend All Energy for Peace.*

In the failure of intervention, every effort of energy will be exerted by the great powers to prevent the war flame from engulfing Europe. All depends on the attitude of Austria which has mobilized four army corps in Croatia, Bosnia, Herzegovina and southern Hungary—and stands ready to occupy the Sanjak of Novipazar should this cited strategic territory be menaced by the Servians and Montenegrins.

Despite Russian sympathy to their brethren of the Balkans, whose political welfare Russia has fostered, complications are anticipated between Russia and Austria, and both these nations have assured the powers their determination not to be drawn into any Balkan imbroglio.

The real story of how the Balkan powers outwitted intervention is told in a series of documents from the Austrian and Russian representatives presented the note in the name of the powers warning the Balkan states against war at 12 o'clock in the morning but two and a half hours earlier Montenegro's government had handed the representative his passport to the Ottoman charge. Hence the Montenegrin cabinet was in a position to say that the representations of the powers came too late.

*Note, Which Came Too Late.*  
The note follows:

The governments of Russia and Austria declare to the Balkan states that the powers of intervention will not permit any measure susceptible of causing a rupture of the peace. Second, that, leaning on Article XXII of the treaty of Berlin, they will take a hand in the interests of Balkan, only by the realization of reforms in the administration of European Turkey, being and rest of these reforms shall not affect the interests of the sultan in the territories of the Ottoman Empire.

The powers reserve to themselves the liberty of action for a collective study of these reforms.

Third, that if war breaks out between the Balkan states and the Ottoman Empire, it will permit at the end of the conflict no modification of a territorial status quo in European Turkey. The powers will make certain that the Balkan states are mourning their pet dogs.

### EIGHT DOGS POISONED

The dog poisoner is busy in the vicinity of Limite street near Colorado avenue. The poisoning of eight dogs there yesterday was reported to License Inspector Smith. He found four of them dead in an alley. One was a valuable animal owned by J. J. O'Driscoll, and several children in the neighborhood are mourning their pet dogs.

## BCSTON WINS OPENING GAME WORLD'S SERIES

*Joe Wood Is Invincible, Holding Giants  
Down During the Pinches*

NEW YORK Oct. 8.—The Boston Americans came into the New York park last night and beat the New York Giants 4 to 3, today before more than 60,000 persons in the first game.

Joe Wood, the pitcher, was the star of the contest, going up to 10 in the ninth.

The New York made the first in the ninth, but the Boston held the lead.

Joe Wood, who had a 10 to 1 lead, turned to New York batter, and on strikes, and the Boston held the Boston men off the scores.

Joe Wood has a 10 to 1 lead, provided a 10 to 1 lead to finish, and behind the New York supporters had a 10 to 1 lead, leaving the status when Merle, a single whistling to the outfield, one man was out. Even then chance of tying the score seemed small, but a Texas 2000 in Merle, a single hit by Indian, Mexican, and Merle, a game of

delay unsettled Fletcher, with leads on second and third, and stood in their seats and led Fletcher around his bat nervous at the plate, while Joe Wood turned the grass, hit his belt, and the ball and admitted his cap, delay unsettled Fletcher and he turned to the Boston fast break, shoots three times and went back to the plate.

Joe Wood, strong men in the pitcher's box, had his moist ball before the first it was made. That was a long drive.

## "TARIFF SPECIAL" DAY BEHIND WILSON

Senator Burton Says Taft's  
Only Fault Is, He Is No  
Politician

DENVER Oct. 8.—If any fault can be found with him it is because he is not a skillful politician. He does not possess the dangerous gift of appealing to the imagination." This was the characterization of President Taft made here tonight by Senator Theodore R. Burton of Ohio. Senator Burton, following one day behind Woodrow Wilson, made a plea for Republicanism and the protective principle declaring that the Democratic tariff program would spell ruin for Colorado industries.

"We have established a standard of wages far in advance of that of any other people," he declared. "The Republican party has sought successfully to establish and maintain the greatest possible diversity of employment, thereby affording a field for the varied capabilities of our people."

"We are now enjoying an unexpected prosperity. In order to maintain that prosperity confidence is absolutely necessary."

Hundreds of millions of dollars are now waiting for investment in new enterprises or in the enlargement of old. This capital will be locked up unless the question is settled whether we are to have a vital change in our policy."

The speaker quoted extracts from Governor Wilson's "History of the American People" purporting to show that the writer believed that protection was necessary for the mining regions of the West.

"Why has he changed his mind?" he demanded.

Senator Burton refuted the argument that high prices are due to the tariff.

### ROOSEVELT BOY BOOSTERS WILL MEET THIS EVENING

Numerous applications for membership in the Roosevelt Boys' Boosters club of Colorado Springs are being received, and that each may receive prompt attention, a membership committee is to be appointed at a meeting in Progressives' headquarters 11 Gazette building tonight at 7:30 o'clock. A vice-president, secretary, treasurer and other officers also will be elected tonight.

The boys are more enthusiastic than ever and are determined to do their part in the campaign of Colonel Roosevelt, who appeals to them as a type of man to emulate. The artistic lip-bowls are expected today and when received one will be given to each member of the club. All boys between 11 and 18 years of age are eligible.

The visitors spent a busy day yesterday inspecting the points of interest, transferring being furnished to all the various attractions. The Crystal Park trip, Pikes Peak road trip, ascent to the Mount Manitou in line visits to the garden of the Gods, drive to the Winds and Cliff Dwellers, and were taken in parties divided by the convention committee of the 13th chapter of Com. of

Eat Lunch in Mountains

SAN FRANCISCO Oct. 8.—A San Fran agent was presented each visiting passenger agent at noon "T" Mint by the Madison boosters and the 250 enjoyed the novelty of individual lunquets eaten in the mountains.

This morning, through the efforts of the Crystal Springs and Interurban Railways, the visitors will be given a street car ride through the city to Stratton park and most of them will ride in South Cheyenne canon in boats that have been provided for them. For the less athletic and those who have had a burro excursion, muggings will be ready.

At noon the idea of the Chamber of Commerce will be carried out in a big outdoor steak fry in the city. Arrangements have been made for the 1000 to be served.

## GOVERNMENT OPENS OLD UNTAH LANDS

PROVO, UTAH Oct. 8.—A sale of 25,000 acres of grazing land in the old United States forest, which was opened to bid by J. W. White, of the department of the interior and Don B. Doane, of the United States land office at Vernal, Utah. No bid of less than \$100 an acre will be accepted.

Walter Stahl bid his \$100 a acre, and in two hours was at his mark. He hit hard and his dazzling speed continued undiminished until the last bid had struck at. Stahl fanned his hands. He gave two hours to the bidding.

Grants First to Score

The New York were the first to edge their way into the run column. Wood held them scoreless until the third inning when after Teaswood passed, Doyle worked Wood for a base. Doyle put up a high fly to the left which fell too far back for either Gardner or Wagner to reach. Doyle reached second on the hit, but Doyle was held at third. Then Murray caught one of Wood's lineouts and sent the ball over second for a single and brought Doyle and Doi over the plate.

Teaswood was mighty until the sixth inning. Twenty Boston players had his moist ball before the first it was made. That was a long drive.

Three hundred members of the American Association of Passengers

Agents sat around the import table at the Antlers hotel last night and agreed that not only the Colorado Iron Workers, union, to various business agents, which the government quoted as showing that jobs was the term used to designate explosives against employers of nonunion labor, Mr. Hard

ing said it would be shown were not among the defendants present.

"When you have heard all the testimony," Mr. Hard said, "we think you will have concluded that about three men were engaged in the nefarious work of dynamiting and those three men already have pleaded guilty.

Mr. Hard said it would be shown that the executive board of the International Association of Bridge and Structural Iron Workers never appropriated a dollar to be used in dynamiting. If anyone connected with the union diverted the funds for any illegal purpose, the guilty persons

said it would be known were not among the defendants present.

Colonel Roosevelt spoke to a large crowd in the auditorium here tonight and defended the Progressive party's human welfare program. Misses Ida and Clara, wife and daughter of Governor Wilson, sat in the audience.

There were many speakers, including the president of the Colorado Industrial Congress, and the president of the Colorado State Federation of Labor.

Mr. McKinley said it was necessary for the nation to have a government that the defense would rest its case.

District Attorney Miller had just completed his address to the jury covering five days. In concluding he described the arrests of T. B. McNamara and Orrie E. McManigal at Detroit, saying that while in the hands of the district attorney he offered opportunity for union men to get employment. He added it would be upon the very letters which the government quoted in the indictments that the defense would rest its case.

McNamara said it was no use to

arrest him for teaming him he had the Iron Workers union and behind the union the American Federation of Labor.

He said he would raise \$50,000 and employ Clarence S. Drury to defend him. But McManigal confessed and McNamara did not get off.

Impatient Over Explosion

Letters were read by the district attorney purporting to show that Murray L. Pennell, Springfield, Ill., head of a local Iron Workers union, and union headquarters expressing impatience because nonunion work at Springfield had not been broken up.

Mr. Miller said Herbert S. Hobart, acting secretary treasurer of the International Association of Bridge and Structural Iron Workers, advised his fellow defendants delivering a speech to the public that the key to the union's success was to be found in each city.

No man has been able to solve the greater problem of poverty, he said, but it may be given to him to find a solution. Perhaps we may find this problem of cracking up the may be all the time the will be cracked twice the time.

TAFT MANAGER HAD

(Continued from Page One) expenditure of \$25,000 to \$30,000 by the Roosevelt committee in the southern states where contests were brought. He denied that any money had been spent to influence delegates or that he knew of the use of any money in this way either before or at the Chicago convention.

PAID EXPENSES TO CHICAGO.

Mr. McKinley admitted that the Taft campaign committee had paid the expenses of delegates to the Chicago convention, a procedure that both he and Mr. McHarg said had been a "long standing custom." Asked how many delegates had thus been provided for, he said he thought expenses had been paid "wherever a delegate could not afford to pay his own way."

"Do you know anything of the use of money at the Chicago convention to change delegates?" asked Chairman Clapp.

"Nothing I would want to swear to," Mr. McKinley said smiling. "I have kept out of the Anthonys club so far and I guess I will remain out."

Chairman Clapp asked both Mr. McHarg and Mr. McKinley if they knew of an alleged "underwriting" of the Roosevelt campaign by men who were said to have pledged \$2,000,000 or \$3,000,000 to secure Colonel Roosevelt's nomination.

"It is an absurd yarn," Mr. McHarg declared. "I would have heard of such a thing if it were true and I consider such a story absolutely absurd."

Both say it's "Absurd Yarn."

Mr. McKinley thus answered the same question.

"I think that a silly story, just as Mr. McHarg said."

The detailed expenses at Washington headquarters sworn to by Mr. McKinley, included:

Printing and mailing literature \$6,000; telegraph, telephone and postage \$15,000; campaign buttons and little signs, \$2,000; advertising and news service, \$20,000; speakers' expenses traveling and special trains, \$30,000; expenses Washington headquarters \$1,000; Chicago headquarters, \$7,000.

Good Eaters Are Good Fighters

Whether at Work or Play, Endurance Comes from Good Digestion, Always Assured by Stuart's Dyspepsia Tablets

Men and women must be in top condition to stand the strain of battles. A dyspeptic may feel well with his work but is always at swords' points with the surroundings. A good man well adjusted feels as if he could, with the setting of the moon, the sort that mows down work and commands the hearts' operation of our associates. The man at the head of a business who has good stomach has behind him a fighting force against competition and the daily miseries that are bound to take place. In fact, a well balanced business is like our digestive system.

Stuart's Dyspepsia Tablets as soon as taken into the system, right to work as assistants to the stomach, rendering it an engine in the machinery of working out the complex processes of digestion. The medicine is so easily absorbed that it becomes a part of its duties thereby becoming a temporary spite and lessening the strain of exertion, revitalizing its functions, cleansing the stomach, purifying the blood and making walls in which a weak stomach soon recovers its lost powers of digestion and its assimilation and ultimately does its work as well as ever without outside assistance.

These powerful little tablets contain in a concentrated form, every element necessary to digest all forms of food, whether meats, vegetables, cereals, eggs, fish, etc., and they act equally well in an acid or an alkaline medium. If your stomach is ailing, does not digest as quickly or as thoroughly as it should and your entire system in consequence is suffering from malnutrition and mal-assimilation, you owe it to yourself to give the abused stomach assistance to help it out of its present condition.

The solution of your stomach-trouble problem is easy! Go to your druggist at once and secure a package, then take one or two after each meal or as required, then note the difference in the way you feel. All druggists sell them. Price 50 cents. Adv.

ROCK ISLAND TRAIN HELD UP IN OKLA.

FORT SMITH, Ark., Oct. 8.—Rock Island train No. 41, westbound, was held up and the express and mail cars robbed tonight near Howe, Okla., according to a dispatch from the station agent of the road at Hattieville, Okla. Safes in the express car were dynamited.

The amount stolen has not been learned. Passengers were not molested. Howe is 25 miles south of Potent, where a Kansas City Southern train was held up a few days ago.

The train was stopped on a curve in a wooded cut midway between Wichita and Howe. The robbers haled the train with a red lantern.

The robbers have located in a corn field near Wichita. A posse is en route therefrom from Hattieville.

Early work he did in behalf of Colonel Roosevelt was undertaken at the request of William L. Ward of New York, who asked him to make a "survey of the country" to ascertain the sentiment of the people. Later, Mr. McHarg said, he took up the work of organizing the Roosevelt campaign in the southern states.

He said that his dealings had been exclusively with local attorneys in the states, who were placed in charge of the local campaigns for Roosevelt.

Mr. McHarg said he had participated in a conference in January at which Dan R. Hanna, Walter L. Brown and, he thought, Frank A. Munsey and George W. Perkins, had discussed the change of certain Progressive strength from Senator LaFollette to Colonel Roosevelt.

I advised against the shifting of any of Senator LaFollette's strength to Colonel Roosevelt," he said, "because I knew it would be charged up to Colonel Roosevelt and that the charge of treachery would be made. I am sure Colonel Roosevelt never had anything to do with any such charge."

SHOOTS WOMAN WHEN SHE REFUSES TO GO WITH HIM

VANCOUVER, B. C., Oct. 8.—Cleopatra Boulanger, a young French-Canadian of Montreal fired two bullets into the arm of his wife and then mortally wounded his wife, late today, in the crowded dining room of a fashionable hotel. He had been following his wife from place to place since she left him.

The dining room was crowded with women shoppers. The couple attracted no attention until Boulanger shouted:

"I want you to go with me. His wife answered and he began firing with a small caliber revolver. Finally turning his weapon upon himself, he sent two bullets into his head.

MONTENEGRO DECLARES WAR

(Continued From Page One) ration of war a council of war was held at the grand bazaar.

The noted Gen. Mahmud Scherif Pascali who commanded the constitutional army was present. The city is patrolled by strong detachments of cavalry and infantry. A state of siege exists.

Mr. Plemenatz received instructions Sunday to declare war today.

The Turkish view as expressed by officials is that Turkey was ready to enter into negotiations about the frontier dispute when the Montenegrino complaint on this score was a mere

skirmish reported.

Montenegrino forces early this morning attacked Berana, which at noon was surrounded. Skirmishes also are reported on the Serbian frontier and in the Greek lands in the neighborhood of Duklja. An exchange of shots has been near Duklja.

**NOTED SCIENTIST SPENDS  
TWO DAYS IN THE SPRINGS**

Sir William and Lady Ramsey of London, England, famous in the scientific world and in English society, spent Sunday and Monday in Colorado Springs, visiting various points of interest in the vicinity. Sir William Ramsey made a special investigation of the eye treatment methods used in the Portland mill and expressed himself as deeply interested in the process.

He gained fame in 1894, when he discovered helium, krypton, neon and xenon, gases which he obtained emanating from radium. He is credited with being the world's greatest living authority on gases, and was ranked second to the late Lord Kelvin.

Sir William and Lady Ramsey are touring the country, and will return for the west.

**THREE HORSES SHOT**

The plague that is proving fatal to horses in Nebraska, Kansas and Iowa has spread to Colorado Springs, the police believe. Within a week the authorities have been summoned to shoot three horses afflicted with a disease that closely resembles the plague. A valuable horse owned by H. A. Alderman of 429 North Washington Avenue was stricken yesterday and was shot during the afternoon. A bullet hit another horse, but the horse burst at 202 North Seventh street Friday, while a third was picked up in the streets Saturday and shot when the nature of its suffering was evident.

**INTENSE ITCHING OF  
SKIN AFFECTION**

In Rash on Leg. Spread to Other Parts of Body. Several Boils. Pain Caused Nervousness and Loss of Sleep. Cuticura Soap and Ointment Effectively Cured.

836 W. 20th St., Los Angeles, Calif.—The skin affection began in a little red colored rash on my right leg, and gradually spread to other parts of my body. A small pimple appeared and later several boils on my leg. The skin around the boils was at first bright red, and afterwards became darker colored. The clothing irritated the sores. The pain caused nervousness and loss of sleep, and the itching was intense. After using various remedies for about six months I saw how a person affected with skin disease was cured by using Cuticura Soap and Ointment.

"I bathed the sores with Cuticura Soap and hot water and then applied Cuticura Ointment and after about six months constant treatment the sores gradually healed leaving the skin soft and smooth. Cuticura Soap and Ointment effected a complete cure." (Signed) H. A. Robinson, Feb. 24, '12.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair live and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, as directed by an occasional light application of Cuticura Ointment. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book Adress post-card. Cuticura Dept., T. Boston.

For Tender-faced men should use Cuticura Soap the same price. Sample free.

**DISCUSS BROTHERHOOD  
FEDERATION TUESDAY EVE**

A meeting of the men's brotherhoods of the city churches will be held next Tuesday night in the Y. M. C. A., when plans for forming a federation will be discussed. It is the intent of those promoting the federation to organize a group of attachment to the various brotherhoods of the community and church life of the community.

## Personal Mention

Mr. and Mrs. H. E. Viwald of Spokane, Wash., are Alpine hotel guests.

Widette Stewart and Wharton Allen left yesterday evening to attend school in Arizona.

Mr. and Mrs. Robert Levy and child of New York city are recent arrivals at the Antlers.

Mrs. S. D. Marlott of Kansas City, Mo., is visiting C. A. Lemmers and family at 1532 North Weber street.

The London tour of the Cook Tour agency will arrive in Colorado Springs tonight. There are 12 people in the party, and they have taken apartments at the Antlers hotel.

## Societies and Clubs

The second of the series of lectures which Dr. Agnes Dilson is giving under the auspices of the Civic League will be given at 3:30 o'clock this afternoon at the Grace church parish house. All women are invited.

A meeting of Section Two of the First Methodist church will be held at 2:30 o'clock tomorrow afternoon at the home of Mrs. T. W. Cox, 1708 North Nevada Avenue. A cordial invitation is extended to all women. It is requested that as many as can take fruit or jelly for Bethel hospital.

The International Realty company, defendant with the city of Colorado Springs in a suit for \$5,000 damages brought by John V. Goede for alleged injuries by falling on a slippery walk, yesterday in the district court filed a paper to the effect that Goede had knowledge of the condition of the walk on March 4, 1912, and crossed it negligently and carelessly. It is stated in the petition of plaintiff that water from a gutter had formed an icy coating over the walk in front of the offices of the realty company.

The trial of Kitte Saunders, colored, charged with the murder of Charles H. Jones, also colored, has been continued in the district court to November 12. Jones was killed in a recent shooting affray at Paperton.

Harvey Primmer, 15 years old, pleaded guilty in the district court yesterday to stealing a bicycle. He was sentenced to the state reformatory at Buena Vista.

Frank Scott yesterday in the district court pleaded guilty to a statutory charge. Sentence was deferred until after the trial of May Sullivan, a widow, against whom information was filed yesterday. Her trial is set for October 14. The complaining witness is Kate Patrick, 16 years old, who will be tried in juvenile court.

On the ground of cruelty, George Shriwise was granted a divorce from Mary Shriwise, in the district court yesterday, and given custody of a minor daughter. The couple were married in Great Bend, Kan., June 15, 1882.

**CLOTHING STORE CLOSED**

The clothing store conducted by Merton Novak and William Lurie at 3 West Hiettton street was closed yesterday on order of the district court because Novak's brothers, H. L. Novak and L. P. Novak, of New York City, instituted legal proceedings to adjust an indebtedness.

Attorneys for the brothers in New York charged in Justice Gandy's court yesterday morning that certain merchandise had been placed with Novak & Lurie on consignment. A writ of replevin was issued, and merchandise to the value of \$200 was secured by Constable Payton. Then a writ of execution was issued upon a judgment for about \$3000 granted Monday by the district court, and Sheriff Birdsell took charge of the remainder of the stock.

The establishment has been in its present location for about six months, having been removed from 3 East Pikes Peak avenue, where it was opened about a year and a half ago. The case is set for hearing October 14.

**TO PAY ANOTHER DIVIDEND**

A dividend of 50¢ a share on the outstanding preferred stock of Cuticura Soaps, will be paid by the Midwest Oil Company, October 29, according to President O. H. Shoup. Books for the transfer of stock will close October 15. This is the second dividend to be paid on the preferred stock of the company, \$50,000 having been distributed last July. The company began active operations in the beginning of oil only last winter.

**CONTRACT LET FOR CHURCH**

The congregation of the Swedish Lutheran church has let the contract to Jules C. Tellberg for the erection of a new, new edition, to cost \$10,000. The building will occupy the site on West 11th street, from which the same church was recently removed.

**COMMERCIAL EXECUTIVES**

The annual meeting of the Colorado Association of Commercial Executives will be held in Denver next Wednesday, when the affairs will be voted on for next year. Secretary H. C. Jenkins, of the Colorado Springs Chamber of Commerce, secretary treasurer of the association, has sent out the call for the meeting. J. H. Jenkins, secretary of the Phoenix Commercial Club, is president.

## REFUGEE MORMONS TO REGAIN HOMES

RODGERS, Ariz., Oct. 8.—American Consul William Dye will leave Douglas tomorrow morning for Colonia Morelos, clothed with authority from the state department at Washington to restore Mormon houses occupied by Mexicans to their rightful owners. Preceding him are 300 Mexican federal troops, with instructions to cooperate in the American consul's mission.

These troops already have occupied the American colony, pending the arrival of the consul. Consul Dye bears further instructions to visit the American mining camp of El Tiro and Nacozari and ascertain conditions for a comprehensive report to Washington on his return. The federal troops are operating under instructions from Mexico City in conformity with a plan between the two governments.

Mormon property not only is to be restored, but an inventory of all property destroyed will be made and officially filed with the state department at Washington for transmission to President Adams of Mexico, who promises an adjustment of the claims.

**SCHOOL SUPT. AND WIFE  
CHARGED WITH MURDER**

SALT LAKE CITY, Oct. 8.—Complaints charging Caleb A. Inlow, the Bingham school principal, and his wife with the murder of Thomas E. White, public chauffeur, were issued today. The police made public no additional evidence.

Monte Sano, Wash., Oct. 8.—John S. Creech, a wealthy Aberdeen lumberman, was found not guilty of the murder of Otto Dresler, Frank W. Wadsworth of Aberdeen by a jury here yesterday.

The defense attorney, Mr. W. C. Robinson, told the jury that the defense had been unable to prove that the wife had been present at the time of the killing.

In the defense, it was shown that the wife was in instant rear of violator, because of her attitude toward stock car in mills and that she always went armed. When Welch commanded him to hold up his hands, he testified, he believed he was about to be arrested.

## GOVERNOR WILSON'S SPEECH

INDIVIDUAL opinion of the merits of Governor Wilson's two speeches in Colorado Springs last Tuesday is likely to be determined chiefly by the political preferences of the hearer, as is usually the case with such opinions. But recalling all that has been said of the Democratic nominee's remarkable abilities as a maker of convincing platform arguments, his performance here must have been a little disappointing even to his warmest admirers.

In both speeches he talked probably an hour, certainly enough time for the presentation of a logical argument in support of his contention, if he had one. But instead his audiences were treated mostly to good natured mirth with occasional wisecracks directed against the two opposing parties and their leaders. He said that information was "coming to him daily" that Roosevelt's candidacy is backed by the Steel Trust and the Harvester Trust, but just as his auditors were straining forward to receive the information, or evidence on which the assertion was based, the Governor dropped the subject. Now it is easy enough to make a charge of this sort, but it is quite a different thing to present actual facts to substantiate the charge. What Governor Wilson did was merely to repeat a bald assertion, made a thousand times before but still unproven, and apparently not susceptible to proof, for the simple reason that it is untrue.

Equally unconvincing was his classification of the Progressives with the Republicans in the assertion that neither of these parties offers any assurance that if placed in power it will bring about the separation of "big business" from government. If Governor Wilson will read the Progressive platform, and also Colonel Roosevelt's "Confession of Faith" speech, he will find plenty of convincing assurance of this sort and if he will mentally review the conditions which led to the birth of the Progressive party he can scarcely entertain an honest doubt that these pledges will be fulfilled in the event of a Progressive victory.

But the trouble is that the desire to win the prize for himself has given the Governor a touch of signification which seemingly renders him incapable of seeing these things clearly.

## GUGGENHEIM'S TARIFF RECORD

FROM March 15 to August 3, 1912, there were 120 votes taken on various schedules of the Payne-Aldrich Tariff bill. When the bill went to the United States Senate it was called the "Payne Tariff bill," when the Senate finished considering the measure it was called the "Aldrich Tariff bill." The change of name is significant of what happened. Analysis of the different votes show that only 40 senators voted with Aldrich consistently and invariably. On the other hand, senator Simon Guggenheim, was one of the most consistent and monotonous.

After seeing amendment after amendment to reduce the tariff in various schedules defeated, with machine-like precision at a nod from senator Aldrich, Senator Gore of Oklahoma made some remarks to the Senate. "When I first went to school," said the Senator, "I learned a story. It was about Mary's Little Lamb. The lamb, you will remember, followed Mary to school one day. When I came to the United States Senate I found that Mary was eclipsed for Senator Aldrich has forty little lambs that follow him every place and anywhere."

That Senator Simon Guggenheim was one of the most faithful little lambs in Senator Aldrich's flock is evident from the following statistics:

Record of the votes of the Honorable

Simon Guggenheim, Senator from Colo-

rado, on the Various Schedules of the  
Payne Tariff bill:Total Number of Votes...120  
Voted with Aldrich.....96  
Voted against Aldrich.....1  
Not Voting.....32There is one thing  
COLORADO'S in the preceding statisti-  
cal table that is a cause of  
curiosity and excitement:SENATOR.  
The proposition upon which the lamb and his master disagreed was this: "Laying a duty of ½ cent per pound on pineapples when in barrels; when in bulk \$8 per thousand." Upon this proposition SenatorAldrich voted "Nay" and Senator Guggenheim "Yea." You see Senator Guggenheim believes in protecting the American pineapple industry. Why should the pineapple growers of Colorado, to say nothing of Maine, Nevada and Idaho, not be protected? Senator Guggenheim could find no reason why they should not be protected. There are numerous hot-houses in these sections of the country that might well be encouraged to go into the pine-  
apple business.

In a speech before the Senate, Senator Lorimer once stated that when the presiding officer put a question to be voted upon while he, Senator Lorimer, was outside of the Senate Chamber, but if he, Senator Lorimer, arrived in the Senate Chamber in time to hear Senator Aldrich vote that he, Senator Lorimer, always cast his vote in accordance with that of Senator Aldrich with a feeling of perfect security that he, Senator Lorimer, had voted on the right side. Senator Lorimer remarked further that if he arrived in the Senate Chamber too late to hear Senator Aldrich's vote but in time to hear the votes of Senators La Follette and Lodge and if La Follette voted one way and Lodge voted the other way that he, Senator Lorimer, was confident of voting correctly if he voted against La Follette and with Lodge. All of which is indicative of the variety of the representation that many states, among them Colorado, receive in the United States Senate.

## CHALLENGE TO DEBATE.

To the Editor of The Gazette:  
Accept the challenge of Mr. Costigan to Ammons and Parks for a joint discussion of their various platforms. As a Socialist I would be pleased to meet either of these gentlemen, Mr. Costigan or any other follower of Taft, Wilson or Roosevelt, at any time before November 5 and at any place suitable to them; and there to jointly discuss the merits and demerits of the various platforms.

These gentlemen have a supreme faculty for deciding the paramount issues of the day, as concerns the working class, and, as a working man, I would be more than pleased to have either, any, or all of them give my class a single reason that will stand the acid test of common sense why we should support the ticket represented by them.

In this campaign it is "cold facts" and not emotional political hot air, that the working class wants. "None other will satisfy."

## ENTAILED ESTATES.

From the Kansas City Star:  
The throne of Germany is entailed. That is to say, it cannot be part of the family by the way it happens to have it. Literally, it is an inalienable right. The kaiser can do many things with it, but he cannot give it away.

The crown prince has an "edge" on his father that most inglorious sons do not have. The ordinary father could not alienate that he did not do his land and that the land would descend to the youth in any case, parental authority was not very binding.

## -SOCCER FOOTBALL-

From the Kansas City Star:  
Taking it from the ascription of those familiar with the game, the people of Kansas City soon are to be treated to an unusual and rather novel sport, the football. If the rules are to be trusted, the ball must be kicked, only one player on each side being permitted to touch it with his hands.

A Soccer league of four clubs has been formed

which will play a regular schedule of games, to begin October 13. The young idea also is taking up the game, and interclass contests at Westport High school will be a daily feature soon.

One feature, at least, of the new-old sport deserves commendation. The liability of injury is agreed to be about the same as in football. That certainly makes it a new brand of football in this country.

## PROGRESSIVE SCHOOL POLICIES.

From the New York Evening Post:  
Mrs. Ella Flage Young, superintendent of the Chicago schools, is nothing if not progressive in her policies for them. She urges manual training and instruction in the household arts as anathema to the most devoted advocates of these new courses could wish. But it is worth noting that, unlike some of these advocates, she does not for a moment forget

the fundamentals. In her third annual report, issued this week, she calls attention to the fact that critics of the schools invariably test them by the results in reading, writing and arithmetic, "and yet the teachers of those subjects are paid on the lowest schedule of salaries." What wonder is it, she goes on to ask, that teachers of pronounced ability are preparing to teach one subject only? She follows up this presentation of conditions by recommending the appointment of a committee to study the relative value of the different kinds of work in the schools, and to compare it with the salary schedule. English in particular she finds needing strengthening. This is the now familiar story of the endeavor of the school to supply the deficiencies of the home, not only foreign but American as well, "barren of idioms and sadly limited in vocabulary."

## A MUNICIPAL OPERA HOUSE.

From the Pittsburgh Dispatch:  
San Francisco has about decided to build a municipal opera house, costing \$800,000, and Cleveland is considering a similar project. The visit of Oscar Hammerstein to Pittsburgh attested to the subject. If the city could build an auditorium for the accommodation of conventions and public meetings on a scale rivaling those of other cities it might be constructed that grand opera could be given there. In foreign countries, notably in Germany, France, Italy and Russia, cities have such houses owned by the state or municipality. In the City of Mexico they are completing an opera house, one of the largest in the world, capable of accommodating 8,000 persons—where the best of opera is to be given at popular prices.

It will be said, of course, that there is no popular demand in this country for grand opera. But has there ever been any genuine opportunity to test it? High-priced opera has failed, but because the performance was inferior. Given a house large enough to permit of first-class productions at really popular prices, and it is probable there would be a different story. The ordinary theater will not hold enough persons at popular prices to meet the principal salaries of the songbirds and the cost of production. When the prices are raised in an effort to make ends meet the public refuses to pay. But given a municipal building large enough to accommodate conventions and mass meetings and yet easily convertible into an opera house, and first-class grand opera would be possible at popular prices.

High-priced opera has failed, but because the performance was inferior. 12. Illiterate electors may sign the registration by making marks.

13. The registrars must make four copies in ink of all names and addresses that appear in the registration book.

14. Three of these books together with the registration book must be returned to the county clerk and the fourth copy turned up in the polling place by 11 a.m. Saturday October 19.

15. The registrars must swear to the registration book in the following manner for that purpose in the back thereof:

## PROGRESSIVES FILE THEIR COUNTY TICKET

Chairman James Stewart of the Progressive executive committee yesterday afternoon filed with County Clerk Sheldon the nominating petitions of the Progressive county ticket, the legislative ticket having been filed last week. All the Progressive nominees have accepted, and this week the campaign will begin in earnest on behalf of Roosevelt and Johnson in the nation, Costigan, Dodge, Stevens, Griffith and other Progressives in the state, and the Progressive legislative and county candidates.

The Progressive legislative and county candidates are: State senator, William C. Robinson, representatives, Warren M. Persons, Thomas E. Thomas and Mary J. Green, county judge, Robert Kerr, sheriff, George G. Birdsell, commissioner, Third district, J. R. C. Städler, clerk, Elmer A. Hand, treasurer, Charles Brown, assessor, R. J. Gilliam, superintendent of schools, Miss Lura A. Leech, surveyor, E. A. Sawyer, coroner, F. Lawrence Beville, justice of the peace, Colorado Springs precinct, W. H. Gowdy, O. R. Dunington, constables, Edgar Weston, G. B. Miller.

Tomorrow a committee consisting of a man and woman in each precinct to act as precinct chairman and vice-chairman, will be named by the executive committee, and active work in registering voters will shortly be under way. Interest in the Progressive movement, which means so much toward not only the political emancipation of the whole people but the improvement of living and working conditions, particularly among women and children, is gaining momentum daily, and this count will be in the forefront in the support of progressive principles on November 5.

I am greatly encouraged by the interest manifested, declared Chairman Stewart last night, and it is a foregone conclusion that there will be a surprise party, not only in this county but all over the country next month. The great silent voting strength of the nation is for Roosevelt and the party and principles which promise to be of service to the plain people and even the polls which show that Roosevelt is running strong do not begin to express his real strength.

Delegates from the 10 counties in the Colorado Springs district are in attendance at the local institute. A special dinner will be given at the First Methodist church tomorrow night for the visiting delegates.

The advance in ocean liner steamship construction is forgotten in admiration by comparing the new liner Laconia with 15,000 tons which has been chartered by Frank C. Clark, president of the Orient Cruise with his first cruise ship, the *President*, 14,000 tons, to follow in 1913. After New England, Celtic, Kaiserin, Kaiser, Kurfurst, Ariadne and the *Laconia*.

The *Laconia* now this year was built by the Cunarders for safety, comfort and moderate speed, insuring armaments that give ample time for sightseeing in port at all points. The itineraries which Clark's man successful cruise have shown gives the most pleasure, information and safety that can be included in a 10-day trip.

The *Laconia* ends her run in England after the Mediterranean trip and her passengers may return by the peerless *Mauretania* or *Lusitania* whose famous speed saves two days in the ocean crossing over the ordinary passage. Stop over, private gas in Europe with return by other Cunarders are provided for.

The *Laconia* with her wide deck room, steadiness and modern comfortable cabins has been received by Mr. Clark's patrons with enthusiasm. More than half her capacity for the trip starting next February has already been booked including an unusually large proportion of those who have been members of Clark's Orient cruises in the past.

The series is just begun," Manager

Ivan said. "We are by no means

won the title of champions."

Just came to a standstill in the

social district when the game was

in progress. Crowds in the stock ex-

age and in brokerage houses fore-

the tickers and hung around the

end of the game. The crowd at the

grounds was handled without

disturbance and there virtually was

no one who came. Speculators asked

Attendance Falls Short.

Attendance figures fell short of

last year between the Philadel-

and New Yorks last year. The

admission at today's contest

was \$3,170, \$20 less than last

Total receipts for the game were

and each club \$10,523. The Na-

Commission's share was \$7,512.

New York Larry Doyle shone

his usual brilliance. He had two

one for two bases. He was all

the field and nothing nor least

Doyle also was much in the

getting two hits and helping

York to make the third run.

No Bases Stolen.

One attempt was made to steal

one. That came in the second in-

when after reaching first on a

force, Stahl started down and was

tagged by Meyers with a perfect

throw to Doyle.

Despite the nervousness of the two

teams, there were but two mishaps.

These were committed by Wagner and

Fletcher, the two shortstops, falling

down on easy grounders, no doubt due

to their anxiety to get the ball across

to first.

Seventeen Strikeouts.

Seventeen men struck out during

the game. For New York Fletcher

fell victim three times to Wood's "smoky"

balls. Tessreau fanned twice and Devore

Snodgrass, Merkle, Herzog, Meyers and Cranfield each struck out once.

Jake Stahl went out twice on strikes as did Third Baseman Gardner.

Hooper and Speaker struck out once.

Tessreau looked every inch a giant

as he hurled the first ball to the plate and Klem called it a ball. Hooper, the first Boston man, walked out the

wings and was rewarded with a base on balls.

He took second and third on

Yerkes' and Speaker's out, both of

which were fast grounders, no

was left on the paths when Lewis sent a

high fly to Snodgrass.

"Smoke" Ball Effective.

Wood got his "smoky" ball right at

the jump when Devore, the first New

Yorker, stepped to the plate and struck him out. Doyle reached Wood's

pitch but he shot a grounder right

into the waiting hands of Wagner, who

threw the New York captain out at first.
